

ISRAEL IS A TERRORIST STATE!

A terrorist state is a state which practices terrorism, even if it pretends (or rather, lies) to the world that it does not. It hardly needs to be pointed out that Israel is a terrorist state. Brutal repression of, and bloody attacks on, Palestinian civilians with the official Israeli aim of causing a change in the policies or actions of the Palestinian leadership is a clear case of terrorism.

One of the vilest acts of terrorism committed by Israel was the assassination In 2004 of the 67-year old spiritual head of Hamas, an organization which, as well as resisting Israel's illegal occupation of the West Bank, attempts to provide educational, medical, etc., services to the Palestinian people, whose social infrastructure has been practically destroyed by Israel.

Hamas spiritual leader Shiekh Ahmed Yassin was killed at daybreak in 2004 when Israeli helicopters fired missiles at his car as he left a mosque near his house in Gaza City.

And then a month later Israel used the same method (a missile fired from a U.S.-supplied helicopter gunship) to murder Sheikh Yassin's successor, Abdel Aziz Rantissi (his son was also killed in the attack).

Israel has been a terrorist state from its beginning, and has its foundations in terrorism. Three Israeli prime ministers were or are terrorists:

Menachim Begin took part in terrorist acts in the 1940's, including the attack on the King David Hotel which killed 91 people.

Begin ordered ... the destruction of the central British administrative offices in the King David Hotel.

In 1946, Jewish terrorists agitating for their own state in British-occupied Palestine blew up Jerusalem's King David Hotel, killing 91. Two years later, an independent Israel was established. "There were a lot of innocent British women and children killed there," says Hanson. "But in the end, it worked; the British left." — "Some Dirty Little Secrets About Terrorism"

Yitzhak Shamir was the operations commander, and later leader, of the Stern Gang, a terrorist group which was responsible for a string of political assassinations.

Shamir was a member of two militant Jewish underground organizations which ... were active in counter-terrorist acts against Arabs as well as sabotage against the British. — (Note the use of the term counter-terrorist to disguise terrorism.)

In post-war British-mandated Palestine the words Stern Gang equalled "terrorism" — assassinations, bombings, the full works. ... Yitzhak Shamir had been the gang's operations commander. ... By appointing Shamir Foreign Minister, Prime Minister Menachim Begin had selected the organiser of two famous assassinations: the killing of Lord Moyne, the British Minister representative in the Middle East, in 1944, and that of Count Folke Bernadotte,

the UN's special Mediator on Palestine, in 1948.

During the fight for Jewish statehood, extremist military groups sometimes resorted to the use of terrorist tactics. One such instance occurred in 1948 when members of the Jewish underground organization LEHI (Fighters for the Freedom of Israel) killed UN Peace Mediator Count Folke Bernadotte to protest his diplomatic efforts to modify the Palestine partition plan. ... Yitzhak Shamir reputedly played a role in planning the assassination; however, he was never tried and went on to become Prime Minister of Israel.

Ariel Sharon initiated the Sabra-Shatila massacre in which between 1000 and 3000 people (mostly Palestinians) were murdered, and lead a terrorist campaign against all Palestinians living in the occupied territories of the West Bank.

As commander of the notorious Unit 101, Sharon led attacks on Palestinian villages in which women and children were killed. The massacre in the West Bank village of Qibya, on October 14, 1953, was perhaps the most notorious. His troops blew up 45 houses and 69 Palestinian civilians — about half of them women and children — were killed.

No one has ever been tried for the massacre, but an official Israeli commission of inquiry found that Israel's defense minister at the time, Ariel Sharon, "bears personal responsibility" as well as "indirect responsibility." It was Sharon, after all, who had ordered the Israel Defense Forces to invade Beirut and surround the camps. ... Like Pinochet and other war criminals, Sharon and his Phalangist underlings should be brought to book; if they can successfully evade justice, then it will give heart to killers everywhere.

Facts upon facts upon facts and now Israel against the opposition of the United Nations has ILLEGALLY moved its capital from Tel Aviv to Jerusalem. This sets the scene for a whole new round of Israeli terror in 2018!

The 21st Issue of White Voice is about two weeks late, mainly because I have to write the whole six pages myself.

If only folk would send in articles - such as Richard Edmonds' on Page 6 of this issue, I could get the publication out weekly and maybe even increase the size to eight pages.

At a time when British Nationalism totters on the verge of extinction, I would have thought a weekly online newspaper would be of great help to pump some fresh blood into a Movement that has lost its way.

So please - send in your news/activities/pics/jokes - I am not choosy - we will (editorial rights exerted).

If its of interest to you then share it with a growing readership.

Whilst on the subject of being a one man band, I am still hoping I can get someone to come forward who is reliable and professional to proof read each issue. I tend to go word blind when proofing myself and it can be highly embarrassing and sloppy if misspellings abound.

On the subject of one man bands I have been thinking as a measure to solidify the WN Movement into doing something positive that Comrades step forward and volunteer to take over the following **tasks:-**

A coordinator to make sure WN prisoners unjustly punished by imprisonment are regularly sent letters, books, phone card money and even a letter of continued support. Our Political Prisoners- such as the lads swept up by Amber Rudd's goons in Dover, know they aren't alone and that their imprisonment is a badge of honour in a land where honour is in such short supply!

A Comrade to step forward and take on the task of keeping our elderly or infirm Comrades who might not get to meetings nor even be on the Net. A quick phone call or even popping round for a chat would do wonders for the veterans for whom the march of time has not yet brought us any closer to victory.

These are just two areas where we could all cooperate for the greater good of our Faith in our Race and Nation. Have a think - there are plenty more areas neglected for want of volunteers.

The most important thing you can do when you receive this issue is to spread on the word to all your email contacts so that the readership of WHITE VOICE is constantly increasing (and it is!)

Let's get the word to thousands of former Nationalists we so urgently need back in the greater movement.

On the nauseating subject of our Home Secretary who puts blanket 'terrorism' bans on Nationalists carrying out demos whilst ignoring the organised trash of Antifa and company who conspire and openly plan their attacks on WN meetings and events. Their slogans are terroristic as are their actions and pre-planning.

Will Rudd ban Antifa? Not a chance. They are beating up the people Rudd has a deep hatred for - the White Patriots of Britain.

Why is she so politically motivated to go to such extremes? Well a bit of digging into her background brings up some interesting facts -

She was educated at Cheltenham Ladies' College, an independent school in Gloucestershire, and from 1979 to 1981 at Queen's College, London,] an independent day school for girls in London, followed by Edinburgh University where she read History. After graduating from university, Rudd joined J.P. Morgan & Co., working in both London and New York .Rudd became a director of the investment company Lawncastle Limited at the age of 24 in January 1988, taking over from her sister and brother-in-law. Lawncastle became involved with Zinc Corporation, which was taken over by Monticello in 1999, before going into liquidation in 2001. Rudd was a co-director of Monticello between 1999 and 2000, but the company was liquidated in 2003. Between 1998 and 2000, she was also a director of two companies based in The Bahamas, Advanced Asset Allocation Fund and Advanced Asset Allocation Management.

Rudd is the product of a stockbroker family and she is up to her armpits in the sinister world which the likes of J.P Morgan and company spin their webs. **And now they have their own pet Home Secretary.** How very convenient! Of course if we are upsetting her she can fly into the arms of her live-in lover, none other than a chap with a good solid English name - **Kwasi Kwarteng MP** Parliamentary Private Secretary to the Chancellor of the Exchequer.

Please won't someone wake me from this hideous nightmare we call multi-cultural, ethnically diverse Britain!

The New Beginning Part 2

We have established what is wrong with the White Nationalist Cause in Great Britain.

It is clinging onto its very existence by its nails Just about everybody is at each other's throats either for and folk just mainly haven't the courage nor the understanding that to pull the Movement together

We need to start forgiving and forgetting and acting like mature men and women who put the Cause above all – in the main – personality problems.

Looking back after fifty years of continuous action for our beloved Cause I often reflect where I have erred or made enemies I, or rather WE need as Comrades in Struggle.

I can be petulant and self-centred and too quick Sometimes to consider the consequences of petty spats. I am trying hard to see my faults and rectify

Then where I can – and – I am glad to report this is now bearing fruit as the network that is shaping up crosses over Party and Group barriers.

The one thing I do not have is an inflated ego. I have an Ego otherwise I wouldn't be human But it's not so big that I ride on my (in)fame Nor do I ignore the ideas of my many younger Comrades finding their way to the Truth of our core ideology.

Ok – ready to start making amends or even mending broken relationships with past Comrades?

There will always be exceptions – incidents so bad that they can never be put right. **BUT this is not a Get out!**

Shake hands or exchange emails, agree to differ and despite the past - work **TOGETHER**.

There is a tiny minority on the edges of the Movement whose behaviour has been so disgraceful that nobody can make amends as these people – and I

number maybe less than twenty or so individuals for whom there is NO PLACE – and never will be in the Movement. You know who you are so if your reading this, please us all by disappearing for good!

What to watch out for:

Accusations, which are normally without any substance - that a Comrade is a 'System Plant' or some such allegation. **Look instead long and hard at the person making such Allegations.**

One man many of us knows seems to have made it his life's work to denounce 99% of us as 'wrong 'uns'.

These people severely damage the Movement and

can even lead to injury, financial cost and in the finality- we lose another good Comrade.

Perhaps the gentleman in question could make a Start by shutting down his You Tube channel!

Who knows, I might forgive his accusations myself!

**If you MUST use the Zionist controlled
'social media then restrict it to family and
close friends**

You have a million 'friends' on Facebook and Twitter – you haven't. You have just a huge bunch of people who have opted out of reality,

Thankfully, the trend may be going against Facebook (I consider this the main reason for the hatred now pervading White Nationalism – Comrade against Comrade)

It has lost 1.7 million users in the UK this year alone and here's just one reason why - People add their colleagues, family and friends to their friends' list. Make a negative comment about anyone, and it is extremely easy to find. This can be especially

detrimental at your workplace. Don't think about telling friends you're looking for a new job or complaining about your boss when you have them as a Facebook friend! Depending on your job, you may also be in trouble if a friend posts pictures of you with a drink in your hand or at a party. If you work with young children or in certain professional roles, this could be grounds enough to get you fired.

Or it can kill a White Nationalist Comradeship.....forever!

(Part 3 in the next issue)

Lighten Up!

Three men were sitting around bragging about how they had given their new wives duties.

The first man had married a Catholic woman and bragged that he had told his wife she was to do all the dishes and house cleaning that needed doing at their house. He said it took a couple days, but on the third day he came home to a clean house and the dishes were all washed and put away.

The second man had married a Mormon woman. He bragged that he had given his wife orders that she was to do all the cleaning, the dishes and the cooking. He told them the first day he didn't see any results, but the next day it was better. By the third day, the house was clean, the dishes were done, and he had a huge dinner on the table.

The third man had married a Jewish girl. He boasted that he told her that her duties were to keep the house clean, dishes washed, lawn mowed, laundry done and hot meals on the table, every day. He said the first day he didn't see anything, the second day he didn't see anything, but by the third day most of the swelling had gone down and he could see a little out of his left eye.

White Nationalism: What it means in political terms

- The creation of a White Workers' State based on National Freedom, Social Justice, Duty and Responsibility
- The introduction of a proper Constitution and Bill Of Rights for the freedom and security of the British people
- The ending of all non-European immigration and the introduction of a compulsory policy of repatriation of all non-White immigrants and their descendents
- The rebuilding of British capital industries by putting British industry first and ending cheap imports that undermine our British manufacturing base
- The nationalisation of the banking system. All banks and financial institutions to be placed in State rather than private hands
- The dismantling of our enforced multi-racial society in a lawful and orderly fashion
- The re-introduction of capital punishment for murder, child molesters, treason and terrorism
- A major crack down on all types of crime especially those involving drugs
- The abolition of all types of usury and financial speculation for profit without work
- The abolition of Public Order Acts and Race Laws. The restoration of freedom of speech, thought and action
- The guarantee that Ulster shall remain forever a part of Great Britain
- The outlawing of the IRA and other anti-British terror organisations
- The protection of the unborn by stopping abortion on demand and allowing only it only in extreme and special circumstances
- The withdrawal of Great Britain from the European Union, NATO, the United Nations and all the other arms of the New World Order
- The rebuilding of our pride in our racial and national heritage
- The education of our young folk into being dutiful members of society through a re-organised educational system and the building of a national youth movement
- The restructuring of the National Health Service by training and employing British doctors and nurses as opposed to importing cheap labour from abroad. The goal of making the National Health Service the best in the world
- The immediate stopping of all foreign aid to so-called "Third World" countries
- The revocation of Community Tax on small businesses. The abolition of Value Added Tax. The promotion of Britain's small independent businesses and the dismantling of multi-national ones
- The ending of all monopolies and the breaking of the stranglehold that the International Bankers have on the United Kingdom
- The establishment of a British Labour Front guaranteeing real workers' rights and replacing the now helpless and un-representative Trades Unions
- The encouragement of the stable family unit as the basic building block of a healthy and resurgent nation. As a Christian nation we are committed to discouraging all things which distort the family unit. The reintroduction of Clause 28.
- Complete opposition to Zionism and the State of Israel as weapons of the New World Order
- The replacement of all multi-cultural and alien art with natural, traditional British art forms
- The building of a powerful Army, Navy and Air Force so that our country does not rely on NATO and can truly defend the national interests of Great Britain
- The banning of gross pornography and the creation of a morally correct society where our children are safe from vileness and perversion.
- The encouragement of British agriculture and an emphasis on our rural heritage as opposed to International Cosmopolitanism
- The reduction of unemployment by boosting Britain's industry to create real jobs and not fake "job creation schemes"
- The creation of a national media which puts the interests of Great Britain first
- The ending of allowing fake "asylum seekers" into Britain and the immediate expulsion of those already here, together with all other illegal immigrants

A moral, spiritual and physical revolution in the hearts and minds of the masses so that all become part of a healthy, clean and energetic folk state

Dear Sir,

I am writing to you in the hopes that you will take the time to look into the unusual sentence being served by prisoner, Matt Hale. He was sentenced to 40 years for a crime in which he remains the only victim. Matt Hale will soon be asking you for a "Commutation of Sentence". I am asking that you grant his request.

Matt Hale can be described as a political prisoner who as a result of his non-violent opinions has spent the last 13 years incarcerated within the Federal prison system in solitary confinement at the maximum Federal prison in Florence, Colorado.

Matt Hale is an educated lawyer and a classical violinist who has committed no actual crime but has been jailed solely due to false claims made by an admittedly paid US government entrapment officer. The whole principle of entrapment, whereby government officials deliberately break the Law in an attempt to incite others to break the Law, is itself morally dubious. The facts of the case can all be validated upon researching his trial transcript. There was never a crime or a victim and never any action taken to commit a crime. That a man can be jailed for forty years solely on the say-so of a government agent is a Kafka-esque nightmare. What sort of system are you operating in the United States of America? The case of Matt Hale resembles something from medieval Turkey: a man locked in the dungeons for years on end and he knows not why. As a Briton, I find it almost incomprehensible that an American citizen can be subjected to such treatment. Will Matt Hale still be in jail come Christmas 2018 and then Christmas 2019 ...and so for another twenty five years? It is hardly comprehensible.

If you will read his trial transcript at freematthale.net I am sure you too will agree that Matt is a victim of a sinister system that will do everything possible to silence dissent. Matt's trial began April 7, 2004, in the U.S. District Court for the Northern District of Illinois Eastern Division, Case Number 03 CR 11.

Please free Matt Hale reg. number 15177-424, United States Penitentiary MAX, P.O. Box 8000, Florence, CO 81226-8500, USA.

Thanking you in advance, Richard Edmonds, address given.
